

## QUICKGUIDE: HOW TO LOW FORMAT OF MX-ES ULTRA PEN DRIVE

MX Technology has released version 2.1.8.05 of AI Recovery utility for the MX-ES ULTRA Series PEN DRIVES on 8/27.

**WARNING: SINCE LOW FORMAT WILL ERASE ALL THE DATA OF PEN DRIVE, MX TECHNOLOGY RECOMMENDS ALWAYS BACKING UP DATA BEFORE STARTING PEN DRIVE LOW FORMAT!**

EASY STEPS TO LOW FORMAT MX-Technology MX-ES ULTRA series PEN DRIVES:

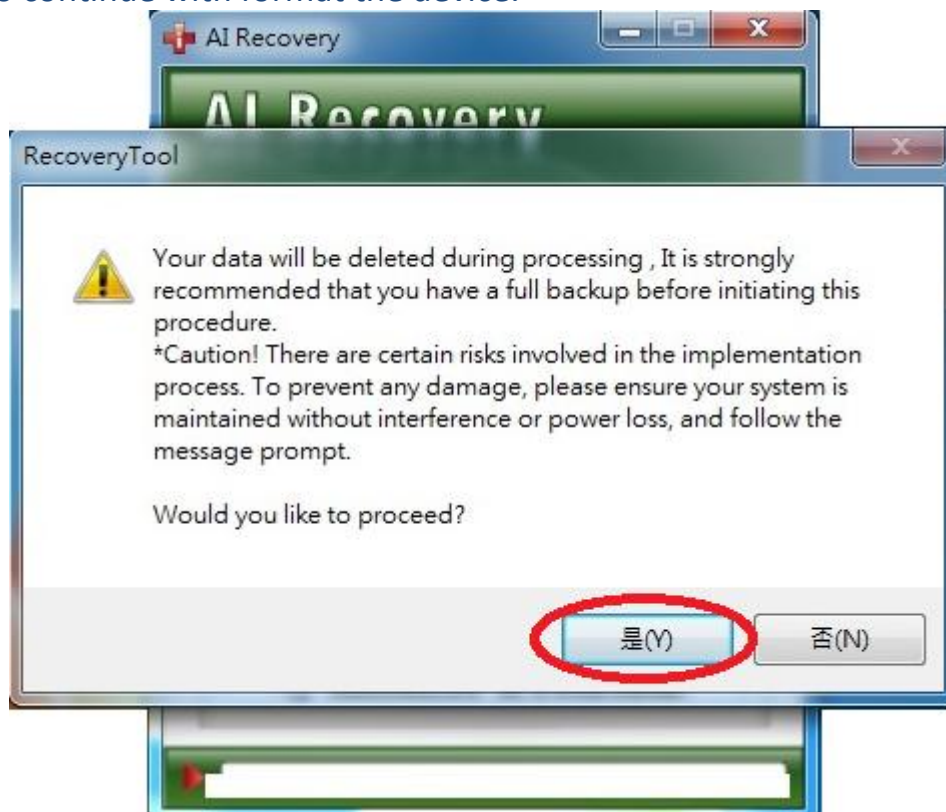

1. Download AI Recovery utility: MX\_ES ULTRA\_AI RECOVERY\_V2.1.8.05\_0825
2. Unzip MX\_ES ULTRA\_AI RECOVERY\_V2.1.8.05\_0825.rar and right click on RecoveryTool.exe and run as administrator. This launches the utility.

3. The tool will scan the PEN drive automatically when you plug-in the drive shall be detected.
4. Click "Start" button.

5. Click "YES" to continue with format the device.

6. When you see this message box, the process has been successfully completed.

7. Close Recovery tool and re-plug your pen drive.
